West Special Fasteners Ltd  
Callywhite lane  
Dronfield  
S18 2XR  
For the attention of Mr J Hawkins

Dear Sir

**Re: Supply of high strength fasteners**

We would like to compliment West Special Fasteners Ltd for the service and help we received during the recent projects requiring Duplex and Super Duplex bolting for the safety critical highways crash barrier contracts.

When negotiating with our client West Special Fasteners supported us through out; this support continued all through the contract.

Over a period of two years more than 12,000 fittings have been supplied for these projects to an exacting delivery schedule.

Strength grade 80 bolts have been manufactured in grades 1.4462 and 1.4501 and size ranges from M12 through to M36; these contracts progressed with few issues and were completed on time and budget.

Yours sincerely

**David Gray**
